

# 24 HOUR TUBS & SHOWERS

## Twenty Four Hour Installation or Free Installation Guarantee

It is with our greatest intents, that all of our installation commitments are met on a timely manner. With that said, 24-Hour Tubs and Showers guarantee that your product will be installed within our Twenty Four Working Hour Commitment window. This guarantee is for the cost of installation for a one-to-one exchange and does not apply to any conversion installations. This guarantee is without exception except for interruption due to: your inability in fulfilling your commitments to 24-Hour Tubs and Showers, holiday and weekend work schedules, Acts of God, lack of ingress into your home, broken products or any unforeseen construction issues that arise once work begins.

Once all products are on site and we have your approval to start the work without any Change Orders, we guarantee that your tub or shower will be installed within our Twenty Four Working Hour Commitment window. Thank you for your confidence. We look forward to making your bathroom dream a reality!

Sincerely,

*Karen Schipula and Family*
